

500/501

CARTON SEALING HAND ROLLS

Description

- ▶ Polypropylene pressure sensitive adhesive tape, clear, white or kraft, designed for manual carton sealing.

Typical Applications

- ▶ Pressure sensitive adhesive tape to be used for carton sealing, suitable for manual or dispenser use.

Features

- ▶ Polypropylene film
- ▶ Natural rubber and resins

Properties

- ▶ High conformability
- ▶ Compatible with moisture after application
- ▶ Good mechanical strength
- ▶ Resists changes in temperature

Benefits

- ▶ Easy to use on irregular surfaces
- ▶ Long lasting adhesion
- ▶ Suitable for carton sealing
- ▶ Does not unstick during use

Physical Properties

Backing: Bi-oriented polypropylene film 28 µm

Color: Clear, white or kraft

Adhesive: Natural rubber and resins

Total thickness: 48 µm

Adhesion to steel: 250 g/cm

Tensile strength: 4,5 Kg/cm

Elongation at break: 140%

+ Benefits
Delamination free

Storage recommendation

Store the tape preferably horizontally, under normal conditions of 15-30 °C and 50% R.H., in the original carton and in a dry place.
